

## Umicore is a world-leading materials technology and recycling group

We'd like to tell you about how the group is helping to change the world we live in

## Season's Greetings from Umicore and Unicef

Umicore's partnership with Unicef is 10 years old!

We're proud to have been able to co-fund [The Fund for the Prevention of Child Labour in Mining Communities](#)

This major initiative is aimed at preventing the root causes of child labour in mining communities in the Democratic Republic of Congo and has helped to build schools and keep children in education.

## Christmas is coming!

We'll be sending final orders before Christmas on **22nd December 2021** and the first delivery date in the new year will be **5th January 2022**. If you want to get your orders across to us, please contact us

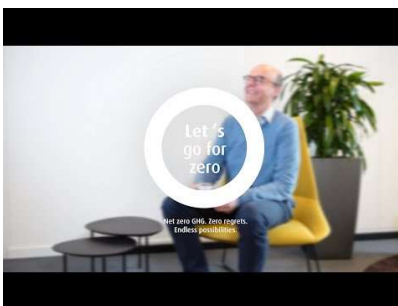

Email us for your precious metal needs

And for all other products including brazing and ceramics, email us here

## Looking to the future

### Umicore continues to innovate

With the eyes of the world on Glasgow and the COP 26 UN Committee on Climate Change, Umicore is playing its part to bring you low carbon footprint products. Have a look at our video "Let's go for zero" where we talk about how we'll achieve zero greenhouse gas emissions:

## And don't forget - we recycle

### We offer a closed loop solution to recycle your precious and other valuable metals

If it can be recycled, Umicore can do it. Let us give you a hand in managing your contribution to preventing climate change by recycling your materials that have reached end of life. We use the most sophisticated and eco-efficient processes to extract the pure metals, turning your waste into value. Click on the link below to read more or email us to discuss your requirements:

## Has it been a year?

### Our first e-newsletter was just before Brexit...

We can't believe it's been a year since we sent our first newsletter to you. We hope you've enjoyed learning about Umicore and its products and services. It's been a tumultuous time with both Brexit and the pandemic and like you, we've used technology to see us through and proved our resilience, maintaining our stocks and deliveries throughout. We thank you all for your continued custom throughout this time and would like to wish you all a happy and prosperous 2022.
