About Umicore

Umicore is a circular materials technology company that focuses on application areas where its expertise in materials science, chemistry and metallurgy makes a real difference. Its activities are organized into four Business Groups: Battery Materials, Catalysis, Recycling and Specialty Materials. Each Business Group is divided into market-focused business units offering materials and solutions at the cutting edge of new technological developments and essential to everyday life.

Umicore generates most of its revenues from and dedicates most of its R&D efforts to clean mobility materials and recycling. Umicore's overriding goal of sustainable value creation is based on an ambition to develop, produce and recycle materials in a way that fulfills its mission: Materials for a better life.

Umicore's industrial and commercial operations as well as its R&D activities are spread across the world to best serve its international customer base with more than 11,500 employees. The Group generated revenues (excluding metal) of € 3.9 billion (turnover of € 18.3 billion) in 2023.
